CAREER OBJECTIVE

There's a saying great man gives great advises. I want to work under a Superior and leader who can teach me to be pleasant and extraordinary like him/her. I want to achieve complete control of my skills and my physiological situation. Everyone becomes a boss but I think, I have the skills to be a leader. I am afraid, I didn't have the correct breaking or opportunity to show my skills. I want to teach people and it gives a great joy to me when I get ensured that I have taught my students well. I seek for a future when i can become a well-known professor.
